

6194 Current REACH requirements

Objective

You know the current roles, deadlines and differences of the Candidate List, Annex XIV and XVII and which substances are currently added to the Candidate List. You will know the rationale and objectives of the ECHA SCIP database, be able to identify your concern and know what information is planned to be submitted. In addition, you can use the IMDS to identify REACH-relevant pure substances. Furthermore, you can check incoming and own material data sheets as well as perform a SCIP notification with the IMDS.

Content

- ☐ Introduction
 - Self-assessing your company: Roles
 - Substances, preparations and articles
 - Differences between candidate list, Annex XIV and XVII
