

## 6213 Material and Product Compliance – An Introduction

### Objective

You are familiar with the background and the most important objectives of European and global material and product compliance requirements, such as REACH and RoHS, the Waste Framework Directive (including SCIP database reporting obligations), but also basic substance restrictions in the U.S. (such as TSCA) and other countries.

Overall, you are familiar with process flows, understand your data responsibilities as a part of the supply chain. You know when to start reporting in the compliance systems and evaluate the results.

You know the requirements and the global issues associated with the respective systems.

### Content

- ☐ European Material and Product Compliance requirements
  - REACH Regulation
  - Waste Framework Directive (WFD/SCIP)
  - Biocide Regulation
  - Persistent Organic Pollutants (POPs)

  - IMO HKC (Hongkong Convention)
- ☐ Overview IT Tools
  - CDX and CMD Manager
  - IMDS
  - BOMCheck
  - SAP EHSM
- ☐ Curriculum
  - Overview of advanced courses
- ☐ Conclusion - Your questions

### Teaching method

Lecture with demonstrations

### Circle of participants

Decision makers, management and responsible persons from the areas of quality, development, environment and purchasing; professionals from various industries who would like to use the CDX system to transmit material data.

**This course is a prerequisite for participation in the CDX Basic Course.**

### Prerequisites

none

### Duration

240 minutes

### Certificate

As a participant in our authorized CDX training courses, you will receive a personal certificate with which you can prove your CDX qualification.

### Training materials

You will receive a personal copy of the presentation that accompanies the course.

Further information can be found on our website.

### Further training courses

Current fees and dates can be found on our website [www.imds-professional.com](http://www.imds-professional.com)

### Exclusive training

You can also book this seminar exclusively.

Your advantage: You determine the location, date and number of participants and can set the focus of the content. If you wish, we can take over the entire organization.

Please ask for your personal offer:
