

## 6131 – Using Chemistry Manager efficiently

The Chemistry Manager provides a new approach to information exchange in IMDS. This enables a faster provision of all information covered by the REACH and Biocidal Products Regulations.

In this training course, you will learn what the Chemistry Manager does and how you can work with it in a targeted and efficient manner.

### Objective

In this training, we will familiarize you with the new information philosophy and the use of the Chemistry Manager. You are familiar with the essential requirements of the currently valid REACH and Biocide Regulations. After completing the training, you will know how to work efficiently with the Chemistry Manager.

### Content

- Reason for the Chemistry Manager
- Underlying regulations
  - REACH
  - Biocides
- General operation of the Chemistry Manager
  - The mechanism of transmission of information
  - Personal settings, access request
  - Administration, Authorization profile
  - Symbols within the Chemistry Manager
- The Regulation Wizard
  - General regulatory information
  - Creating a regulation request
  - Regulation request process and status marking
- Sharing biocidal product information in the supply chain
  - Biocidal product information at the material level
- Sharing REACH information in the supply chain
  - REACH Annex XIV information at the material level
  - REACH information at the part level
- Exercises
- Conclusion – Your questions

### Training method

Lecture with demonstrations and exercises, questions and answers

### Participants

Responsible persons and users from the fields of IMDS, quality management, design, materials laboratory, environmental management.

### Prerequisites

You are already familiar with all common functions of the IMDS.

### Duration

240 minutes = 4 hours (plus breaks)

### Max. number of participants: 14

### Personal training license

In our seminars, you will work on DXC Technology's special IMDS training system. In addition, you will receive a free ID from us for a personal training license for 4 weeks after the seminar.

### Training documentation

You will receive a personal copy of the presentation accompanying the lesson. Further information on IMDS can be found on [imds-professional.com](http://imds-professional.com)

### Public training

Current prices and dates can be found on our website [imds-professional.com](http://imds-professional.com)

### Exclusive training

You can also book this training exclusively, we will then charge a daily fee. Your advantage: You determine the date and number of participants. If you wish, we can take over the entire organization.
