

6116 Automating MDS updates

This extension in IMDS allows companies to identify MDS updates with one click provided received MDS already exist as accepted in the inbox.

It lists updated supplier MDSs as well as the individual own or published MDSs that contain an older version of the updated MDS.

Objective

You know the functions of the IMDS to automatically update material data sheets using the system. You are able to check your MDS for up-to-dateness and to send updated versions to your customers in IMDS. You are familiar with the change management specifications in IMDS, are able to implement them in your company and are aware of current update requirements.

Content

- ☐ MDS Change Management according to Rec001
- ☐ Overview of update requirements
- ☐ MDS update function
 - Updating your own MDSs
 - Updating published MDSs
 - Updating received MDSs
- ☐ MDS release in the MDS update function
