

6131 – Using Chemistry Manager efficiently

The Chemistry Manager provides an approach to information exchange in IMDS. This enables a faster provision of all information covered by the POP, REACH and Biocidal Products Regulations. In this training course, you will learn what the Chemistry Manager does and how you can work with it in a targeted and efficient manner.

Objective

In this training, we will familiarize you with the new information philosophy and the use of the Chemistry Manager. You are familiar with the essential requirements of the currently valid POP, REACH and Biocide Regulations. After completing the training, you will know how to work efficiently with the Chemistry Manager.

Content

- ☐ Background and current developments
 - Background and objectives in the supply chain
 - Development and release trends in IMDS
- ☐ Underlying regulations at a glance
 - POP
 - REACH
 - Biocides
- ☐ General operation of the Chemistry Manager
 - The mechanism of transmission of information
 - Personal settings, access request
 - Administration, Authorisation profile
 - Symbols within the Chemistry Manager
- ☐ The Regulation Wizard
 - General regulatory information
 - Creating a regulation request
 - Regulation request process and status marking
- ☐ Sharing biocidal product information in the supply chain
 - Biocidal product information at the material level
- ☐ Sharing REACH information in the supply chain
 - REACH Annex XIV information at the material level
 - REACH information at the component level
- ☐ New substance groups:
 - medium-chain chlorinated paraffins (MCCPs)
 - Tris(nonylphenyl)phosphite (TNPP)
- ☐ Conclusion – Your questions

Teaching method

Lecture with demonstrations, questions and answers

Participants

Responsible persons and users from the fields of IMDS, quality management, design, materials laboratory, environmental management.

Participation requirements

You are already familiar with all common functions of the IMDS.

Duration

180 minutes = 3 hours

Max. number of participants: 14

Handout

You will receive a personal copy of the presentation accompanying the lesson. Further information on IMDS can be found on imds-professional.com

Public training

Current prices and dates can be found on our website imds-professional.com

Exclusive training

You can also book this training to be delivered exclusively to you and your team.

Benefits: You determine the date, and we adapt the content to suit your preferences and requirements.
